Applicant

DAIMLERCHRYSLER AG et al

1. **ATTENTION:** For any designated Office(s), for which the time limit under Article 22(1), as in force from 1 April 2002 (30 months from the priority date), **does apply**, please see Form PCT/IB/308(Second and Supplementary Notice) (to be issued promptly after the expiration of 28 months from the priority date).

2. Notice is hereby given that the following designated Office(s), for which the time limit under Article 22(1), as in force from 1 April 2002, **does not apply**, has/have requested that the communication of the international application, as provided for in Article 20, be effected under Rule 93bis.1. The International Bureau has effected that communication on the date indicated below:  
03 February 2005 (03.02.2005)

CH

In accordance with Rule 47.1(c-bis)(i), those Offices will accept the present notice as conclusive evidence that the communication of the international application has duly taken place on the date of mailing indicated above and no copy of the international application is required to be furnished by the applicant to the designated Office(s).

3. The following designated Offices, for which the time limit under Article 22(1), as in force from 1 April 2002, **does not apply**, have not requested, as at the time of mailing of the present notice, that the communication of the international application be effected under Rule 93bis.1:

LU, SE, TZ, UG, ZM

In accordance with Rule 47.1(c-bis)(ii), those Offices accept the present notice as conclusive evidence that the Contracting State for which that Office acts as a designated Office does not require the furnishing, under Article 22, by the applicant of a copy of the international application.

**4. TIME LIMITS for entry into the national phase**

For the designated Office(s) listed above, and unless a demand for international preliminary examination has been filed before the expiration of **19 months** from the priority date (see Article 39(1)), the applicable time limit for entering the national phase will, **subject to what is said in the following paragraph**, be **20 MONTHS** from the priority date.

In practice, **time limits other than the 20-month time limit** will continue to apply, for various periods of time, in respect of certain of the designated Offices listed above. For **regular updates on the applicable time limits** (20 or 21 months, or other time limit), Office by Office, refer to the *PCT Gazette*, the *PCT Newsletter* and the *PCT Applicant's Guide*, Volume II, National Chapters, all available from WIPO's Internet site, at <http://www.wipo.int/pct/en/index.html>.

It is the applicant's **sole responsibility** to monitor all these time limits.

## **Explanations for section C. Result of printed publication investigation**

### **Column: Category**

<b>X means</b>	Printed publications which call into question by themselves the novelty or the presence of inventive activity (§43 Patent Law) / an inventive step (§7 Utility Model Law).
<b>Y means</b>	Printed publications which, along with other printed publications, call into question the presence of inventive activity (§43 Patent Law) / an inventive step (§7 Utility Model Law).
<b>A means</b>	General for the prior art, technological background.
<b>O means</b>	Non-written disclosure, e.g., a paper printed in a subsequently published publication and publicly presented before the date of application or priority.
<b>P means</b>	Printed publications published in the priority interval.
<b>T means</b>	Subsequently published, non-conflicting printed publications which involve the theory of the invention applied for and may be useful for a better understanding of the invention applied for or show that trains of thought or facts on which the invention is based could be erroneous.
<b>E means</b>	Older applications under §3, Para. 2, Patent Law (for searches under §43, Patent Law) / earlier patent or utility model applications under §15, Utility Model Law (for searches under §7, Utility Model Law).
<b>D means</b>	Printed publications already cited in the patent application (for searches under §43, Patent Law) / printed publications already cited in the application of the utility model (for searches under §7, Utility Model Law).
<b>L means</b>	Printed publications cited for special reasons, e.g., for the publication date of an objection or in the case of doubt about priority.

### **Column: Explanations**

The explanations and relevant passages indicated in the search proceedings are indicated separately in this column of the cited printed publication. The abbreviations and symbols used when a printed publication is cited mean:

<b>Publication:</b>	Date of publication of a printed publication in the priority interval
<b>=:</b>	Printed publications going back to the same original application ("patent families") or to which reports or abstracts refer.

In the case of classes/groups with no printed publications cited, the symbol "-" means "nothing investigated".

### **Column: Claims involved**

The claims assigned to the comments cited in the column "Explanations" are indicated here.

### **Note on patent literature:**

The patent literature indicated can be seen in the reading rooms of the German Patent and Trademark Office, 80331 Munich, Zweibrückenstrasse 12 or 10969 Berlin, Gitschiner Str. 97; German patents, published examined applications or disclosure documents and sometimes also patent literature for other countries can also be seen in the patent information centers. A list of these patent information centers can be obtained from the German Patent and Trademark Office and from some private firms.

Online searches of patent publications from all over the world kept in the data files of the internal German Patent Information System DEPATIS are available at no cost from <http://www.depatis.net>.
